CCC-Exempt Declaration for Relays

As we know, CCC certification is mandatory in China, and CNCA is the responsible committee for the definition of CCC application range. So please visit the website below for the latest bulletin (No. 45 of year 2014) of CNCA for CCC application range.

http://www.cnca.gov.cn/xxgk/ggxx/2014/201512/t20151230_44252.shtml

According to the annex of bulletin (No. 45 of year 2014) of CNCA, the category 3, 'LV electrical appliance' and subcategory 'Relay', is applicable for relays with an operating voltage of 36 volts or more which are in the scope of the standards GB/T14048.1 and GB/T14048.5.

As a conclusion, all of our relays with an operating voltage less than 36 volts are not in CCC application range.

Date of creation: 2018-06-25
