

**Ultra Compact  
LTE Commercial  
Router for Security  
Cameras, Digital  
Signage, IoT  
and Small Business**

## LX40 Product Description

The AirLink® LX40 is a compact LTE router offering “out-of-the box” LTE and Wi-Fi connectivity that is simple to install. Supports security, digital signage and IoT applications in fixed, protected environments.

### AIRLINK LX40 LTE

Cat-4 LTE router capable of 150 Mbps downlink and 50 Mbps uplink speeds.

## Ideal Applications

IoT and enterprise applications including:

- Surveillance cameras
- Digital signage
- POS terminals
- Smart lockers
- Small business connectivity
- Distance learning

## Benefits

- Out-of-the-box connectivity speeds time to operation
- Connect to a wide variety of devices from video to low-power IoT
- Compact size helps expand application deployment
- Leverage the world of IoT to drive new business opportunities
- Remote router management and comprehensive services through AirLink Complete

## LX40 Services and Support

### AIRLINK COMPLETE

Maximize your AirLink LX40 hardware investment with AirLink Complete – a comprehensive service package designed to empower you with the tools and support necessary to secure, optimize and effortlessly scale your LX40 deployments.

AirLink Complete includes\*:

- **AirLink Management Service (ALMS)** for remote device and security management
- **Expert technical support**
- **Extended hardware warranty** – up to 5 years maximum
- For more information on AirLink Complete visit our [web page](#)

*\*With active subscription. 1-year subscription included with the LX40 purchase*

### AIRLINK PREMIUM

Ideal for organizations managing mission-critical vehicle fleets, this service upgrade encompasses all the benefits of [AirLink Complete\\*](#), enhanced with:

- **Advanced Mobility Reporting\***: Offers comprehensive coverage and fleet reporting to monitor your network and vehicles.
- **Advance Replacement\***: Provides same-day shipping for in-warranty router replacements, minimizing downtime, spare inventory and keeping your operations running smoothly.

*\*With active subscription.*

### AIRLINK CONNECTION MANAGER (ACM) – [MOBILE VPN](#)

This purpose-built VPN solution securely extends your enterprise network to your AirLink router and its connected devices and applications.

Optimized for use in a mobile, multi-network environment, it seamlessly maintains VPN tunnels as users roam between multiple carrier and Wi-Fi networks to prevent downtime and loss of communications.

Available in a FIPS 140-2 compliant offering.

### ANTENNAS

- Tested and certified to provide guaranteed performance with all AirLink routers
- Accelerate deployment with always-on, end-to-end connectivity
- For more information on antennas specific to the LX40 router visit our [web page](#)
