

## Technical change to RS and RSM modules

Dear Madam or Sir,

The above listed articles will be supplied in a modified revision. Please pass this product information on to your employees and, if needed, to your customers. All modifications are performed for reasons of product improvements.

### 1. Initial situation

Articles on Section 5 were provided in the past with LP, LP2N, LPK2N and LP3R connectors. Furthermore they were delivered with Dekafix.

9441500000 (w/ LM2N)

1457300000 (w/ LP and LP3R)

### 2. Technical change

Based on continuous improvement the LP, LP2N, LPK2N and LP3R connectors with Dekafix will be replaced by LL, LL2N, LM2N and LL3R connectors with pad printing technology. Furthermore, to fulfill with UL approvals, the product label has been changed to include the UL logo with its file number (e.g. ) and the appropriate UL rated values.

#### Cancellation

#### Substitution

### 3. Reason for change

Obsolescence of LP, LP2N, LPK2N and LP3R connector range and addition of **UL-recognized** approvals () on the label for these products, making each interface UL recognized.

### 4. Availability

Current products in stock still have old connectors. Since today new productions will be with new modifications detailed above. This will be reflected on its KKZ or compatibility indicator which will be increased. As time goes on, products with old compatibility codes will decrease until end of stock following a FIFO process.

### 5. Affected parts

1457300000	RSMS-16H 24V+ 1CO S	1457310000	RSMS-16H 24V- 1CO S
